When you or a family member is diagnosed with a condition that may require surgery, you want to have the experts on your side. Come and talk to us. The physicians and providers at Mt. Rainier Surgical Associates are the best in the business. We've got years of experience managing disease, and we're committed to the highest standards of surgical excellence and personalized care.

Our Providers

When you make an appointment with any of the providers at Mt. Rainier Surgical Associates, you can rest easy knowing that you're going to get the ultimate in service, professionalism and consideration. Our surgeons have experience performing a wide range of surgeries, from hernia repair and gallbladder removal to state-of-the-art, non-invasive laparoscopic procedures. We specialize in treating patients suffering from intestinal or rectal disorders, breast disease, thyroid problems or disorders affecting the stomach, esophagus, liver, pancreas or vascular system. So trust your health to us—you can count on the experts at Mt. Rainier Surgical Associates to deliver compassionate care and unparalleled expertise.

And we think you'll appreciate our style of treatment at Mt. Rainier Surgical Associates. We listen to each patient, evaluate his or her unique situation and design a custom plan of treatment that will help you feel better, faster. We're all committed to cooperative care, providing education, empathy and encouragement for every patient—every step of the way.

Fees and Insurance

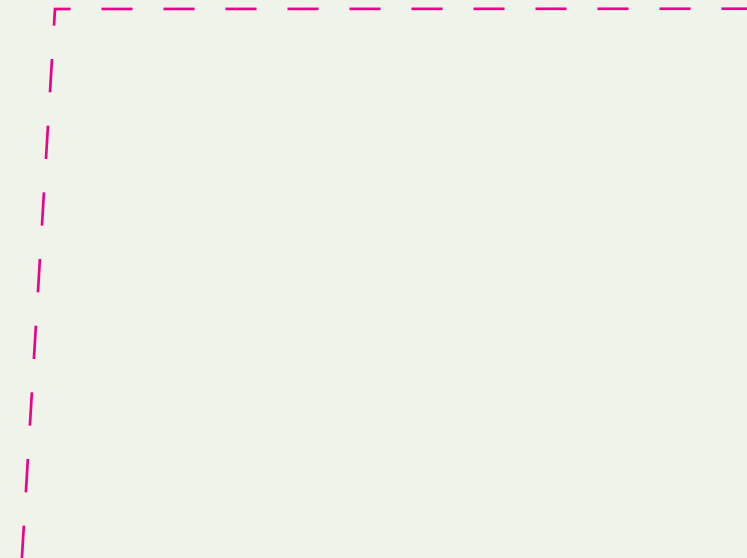

As a Franciscan Medical Group clinic, we accept most insurance plans in the South Puget Sound, including Medicare and Medicaid, so chances are, our physicians and providers are part of your plan.

For each visit, please present your current insurance card to our receptionist, and be prepared to pay a co-payment if your insurance plan requires one.

Save Time at your First Appointment

At Franciscan Medical Group we strive to make it easy and convenient to see your physician. New patients are welcome to visit our Web site at www.fmg.FHShealth.org and download the Patient Registration Form and General Medical History Form. Simply complete the forms at your convenience and bring them to your first appointment.
